25%

30%

40%

50%

How do I get it?

Using the benefit:

Log in Log in to the Multiply online shop.

Select Spotify vouchers and choose value of the voucher you would like to purchase.

We will send you a voucher code within two hours of a successful order confirmation. Your voucher code will be sent via SMS or email to the number provided when you bought the voucher.

If you don't receive your voucher code within the two hours, you can log on to the Multiply online shop and view the code against the order number. It might be delayed due to slow networks.

Once you have your voucher, go to spotify.com/redeem, log in to your account and enter the PIN.

Benefit rules

This is a cashbacks only benefit. If you have a cashbacks only product in your cart at checkout, your basket will default to cashbacks. To be able to choose discounts for a non-cashbacks only product, you will need to remove the cashbacks only product.

Standard Spotify Ts & Cs apply.
